

# Love Our Library

***“When we pray we speak to God; but when we read, God speaks to us.” - St. Jerome***

Have you read the book “A Boy Who Became Pope” or “The Secret of the Shamrock?” It is important that our St. Luke School library offers our children diverse media opportunities for educating them in the Catholic faith and furthering academic excellence beyond the classroom. In addition to our online auction, we have always included a paddle raiser where we have raised money specifically for new security doors, playground equipment and technology equipment. This year our “fund the need” will be for our school library.

Our goal of raising \$10,000 will enable St. Luke Home and School to:

- Purchase a computer, library scanner and software to efficiently check out materials to students and classrooms
- Replace existing love-worn and damaged books, including faith-based books, Bible stories and Saint books
- Purchase additional reading materials for upper elementary and middle school levels
- Purchase STEM games and activities for classroom use

Please help us meet our goal by donating online at [mygiving.net/campaign/Love-Our-Library](https://mygiving.net/campaign/Love-Our-Library) or checks can be mailed to **St. Luke School, 1290 Nachreiner Ave., Plain, WI 53577.**
